

WEBINAR

Renewables in Cities & Lessons learned from scaling up solar PV

27 February 2020
9AM GMT/UTC

International Solar Energy Society

- ✓ The International Solar Energy Society, ISES, is a non-profit UN-accredited membership NGO.
- ✓ Our vision: 100% renewable energy for all, used efficiently and wisely.
- ✓ ISES represents a diverse membership of academics, researchers, energy practitioners, consultants, students, businesses and advocates.
- ✓ ISES works together with like-minded organizations from countries all around the world to advance the renewable energy transformation.
